

Kidculture Family EXPO 2010

17/9 2-6pm 18 & 19/9 10-6pm
'The Caves' Acropolis Park, Lefkosia
FREE Entry

The Kidz & Baby Expo, founded by ExhibitX (Tina Korfiyas) in 2009, has teamed up with popular family lifestyle magazine **KidCulture** to co-organise and establish the new 'KidCulture Family Expo'.

The expo is a 'one-stop shop' of information on quality products and services for families and anyone working with parents or children. It assists new families in making healthy, contemporary and sustainable lifestyle choices, in caring for themselves and their home, and for investing in their children's future.

This year's show takes place **17-19th September** at **Acropolis Park, Lefkosia**, and is expected to pull in large numbers of participants and visitors from across the island with exhibitors presenting a wide range of family related info, products and services, covering - pregnancy, baby and kids clothes and accessories, toys, lifestyle, home ware, family health care and hygiene products, education and schools, kid's activities and entertainment.

KidCulture's child focus & eco friendly philosophy will be reflected in the expo which aims to promote healthy living and encourage environmentally conscious participation in exhibitors and visitors alike - in a fun, festival atmosphere.

While the expo is targeted at **expectant** and **new parents**, it also attracts couples planning to have children, families with **kids of all ages**, as well as **educators, health professionals**, child related organisations and businesses researching and providing quality, innovative products and services in Cyprus.

There will be daily **live entertainment, activities** and **demonstrations** taking place, both indoors and outdoors, throughout the 3 day exhibition, with both morning and afternoon sessions catering for kids of different age groups, and also some short talks for parents. Meanwhile play & activity sections will keep the kids amused, and babies can refuel in a dedicated chill out-breast/bottle feeding corner.

*For more information, to participate and for our **Exhibitor Pack** please e-mail us: kidcultureexpo@gmail.com or call: **96 429659***

TRIBO CAPOEIRA for all!

During the expo free Capoeira sessions will be offered to visitors within the park's grounds.

There will be a show on the Friday afternoon, and on the Saturday and Sunday morning classes designed for 4-6yr olds and afternoon mixed family sessions for children(6yrs+) and parents all together!

Capoeira is a Brazilian martial art that combines music, acrobatics, dance, self-defense techniques and afro-brazilian culture. Starting in September Henry (Estagiário Siri) will be introducing **Tribo Kids** - a special series of lessons for children for ages 4 and up. Tribo Kids is a specially developed capoeira program that uses the benefits of practicing capoeira to promote sensory integration, discipline and physical awareness through fun and engaging activities.

For more information visit: www.capoeira4u.com
or contact **Henry** +357 97 605 213

Breastfeeding Workshop

During the expo free breast-feeding workshops, featuring a demonstration as well as information on technique and support, will be run by qualified consultant **Maria Zacharatou**
